

BE ALTARED — DESIGN 001

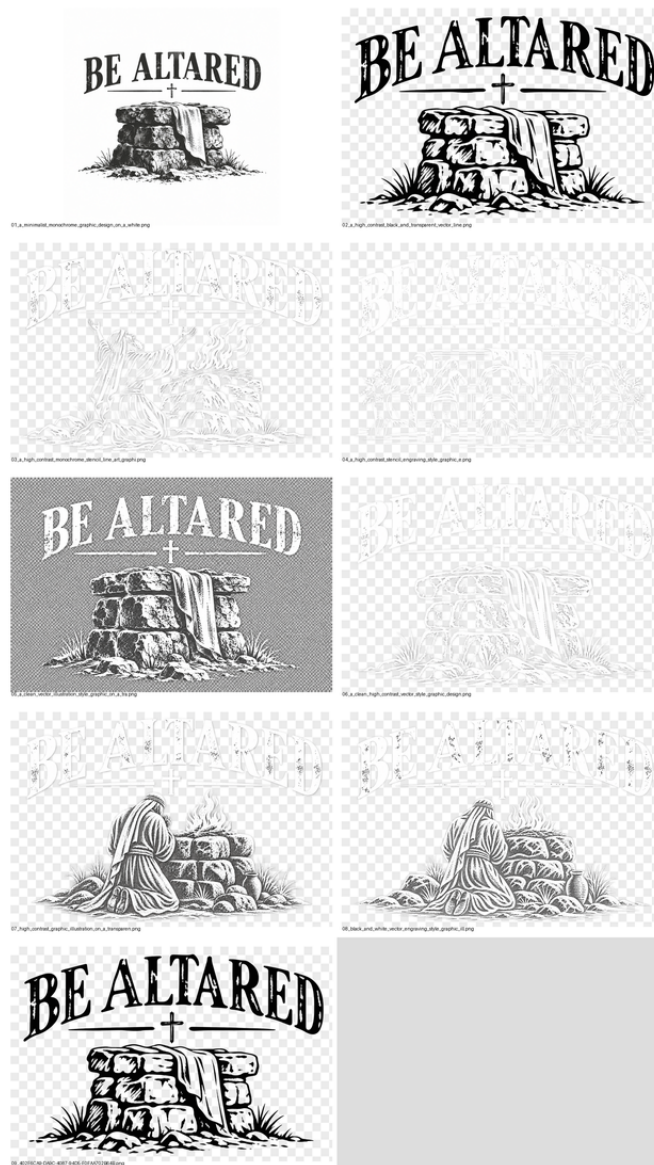

Master Design & Development Record

Finalized development master. Internal authorship/IP record; not a Copyright Office registration.

Concept: An unidentified Old Testament-era figure kneeling humbly in prayer before a stone altar, listening rather than performing.

Visual direction: distressed monochrome clip-art / engraved woodcut treatment, transparent negative space, dark-shirt white-ink application, arched BE ALTARED typography, cross and divider lines.

Copyright Preparation Notes

Generative AI was used during development. Any eventual copyright application should accurately identify AI-generated material and claim only the copyrightable human-authored expression and modifications actually contributed to the final work.

The archive preserves all generated development images, the design record, and a SHA-256 manifest.
